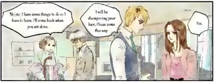
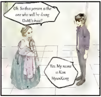
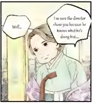
Oh my Teacher you work in such a small place, how do you do it?
Miss Haejung didn t seem that way but how could she to .. her father..
Hahaha Now now, please sit. I'll bring out some tea.



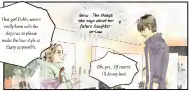
No no I have some things to do so I have to leave. I'll come back when you are done.
I will be shampooing your hair, Please come this way
Yes.



Oh. So this person is the one who will be doing DaMi's hair?
Yes. My name is Kim HyunKang



Well..
I'm sure the director chose you because he knows what he's doing but...



That girl DaMi, wasn't really born with the elegance so please make the hair style as classy as possible.
Wow The things she says about her future daughter-in-law
Oh, yes... Of course. I'll do my best.

If it's a classic style I'm pretty confident.
I majored in Classic- hahaha I Listen to classic music on a daily basis..

Hahaha If it's classic it's me hahaha.

Oh no.. He's out of his mind. and he hasn't even started

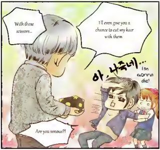
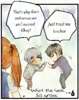
The ancient scissors?!

If you do this job today perfectly I plan to show this only to you.
Really teacher?! I will succeed I can do this!
의욕충만 ..
Confident
One more thing



With these scissors...
I'll even give you a chance to cut my hair with them
아, 나죽네...
I'm gonna die!
Are you serious?!

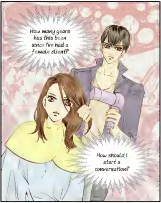


That's why don't embarrass me and succeed. Okay?
Just trust me teacher
What the heck. So gross.

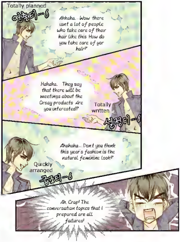
I'm done with the shampooing teacher

I'm pretty sure I've seen her somewhere.

Maybe I've just seen too many magazines...
Ah. This isn't important. Let's concentrate.



How many years has this been since I've had a female client?
How should I start a conversation?



Totally planned
연출티…
Ahhaha. Wow there isnt a lot of people who take care of their hair like this How do you take care of yor hair?
Hahaha. They say that there will be meetings about the Orsay products Are you interested?
Totally written
설정티…
Ahahaha. Dont you think this year's fashon is the natural feminine look?
Quickly arranged
급조티…
Ah, Crap! The conversation topics that I prepared are all failures!

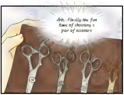
Let's not awkwardly say anything and just go naturally
Since it's the engagement day if there is a style you would like... i'll try my best to make it fit
Oh...

just a hair style that fits the me right now well will do

Sajo Manhwa Scans

Then, instead of a really classy look, I'll go with the semi up style.
Even though the mother-in-law wanted something classy the hairstyle that is going on the person is this person!

You have some split ends so I'll start by fixing them up a bit.
Yes



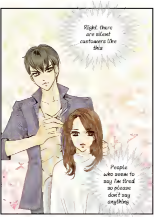
Ahh.. Finally the fun time of choosing a pair of scissors

Ahhh my babies
Was it hot? You can breathe now
No matter how you look at it he seems like a pervert

It must be very nerve racking since it's the engagement day, right?

....

....



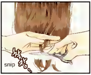
Right, there are silent customers like this
People who seem to say I'm tired so please don't say anything

Well of course it's more comfortable for we but ...
For awhile.

What's up with the babysitting? That stupid old man...
Hoho
DO you. See this ?

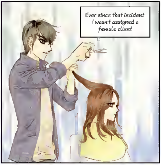
And on the other hand

Didnt that man say he had a job to go to?! Why the hell is he still here?
I'm watching you



snip

3 years



Ever since that incident I wasn't assigned a female client

But for some reason...
I feel Deja vu from that day

That sad facial expression that was reflected off the mirror

slightly nervous shoulders and back...

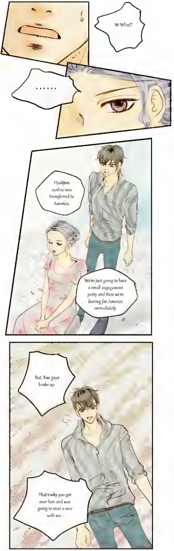
Ahh! Seriously This is the most work i've don't on a hairstyle in my life!
Really?

It's really pretty I like it.
Of course! I'm the one who did it!

Do you know how much this is at a different shop? You better repay me later
But for what reason did you need me to do this?

It seems a bit too much for a vacation.... What, are you going to some sort of party?
....
......
Today ..

It's my engagement day
!

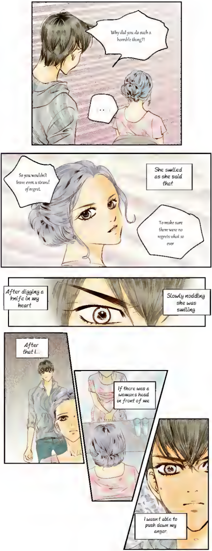


W What?
……
Hyukjun sunbae was transferred to America,
We're just going to have a small engagement party and then we're leaving for America immediately
But, You guys broke up
That's why you got over him and was going to start a new with me…

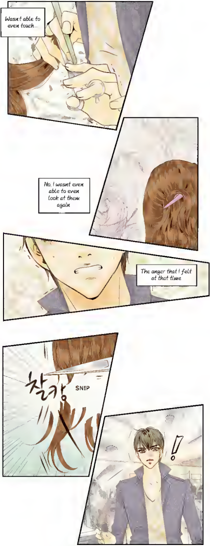
That was supposed to happen...
We did break up...
That was until he promised me to take me out of this stupid hell hole
!

You know, how my corrupted family is like
I wanted to just let everything go and run away

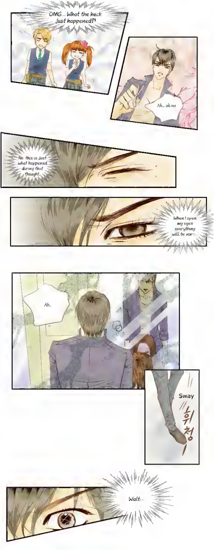
Then, why... Why did you...
Why did you have to ask me to do your hair for your engagement?
Why...



Why did you do such a horrible thing?!
. . .
So you wouldn't leave even a strand of regret.
She smiled as she said that
To make sure there were no regrets what so ever
After digging a knife in my heart
Slowly nodding she was smiling
After that I...
If there was a woman's head in front of me
I wasn't able to push down my anger.



Wasn't able to even touch...
No, I wasnt even able to even look at them again
The anger that I felt at that time
찰칵
SNIP
!



OMG... What the heck just happened?!
Ah... oh no
No this is just what happened during that thought...
When I open my eyes everything will be nor-
Ah..
Sway
휘청
Wait...
